

ACRC

ARIZONA COOL ROOF COUNCIL

WHAT IS THE ARIZONA COOL ROOF COUNCIL?

We are a non-profit organization that believes in the energy savings and environmental benefits of cool roofs.

Our goal is to educate and encourage the individuals responsible for the design, construction and ownership of commercial roofing systems on the advantages of compliance with the guidelines that are set forth by the United States Department of Energy, the Environmental Protection Agency and ENERGY STAR®.

WHAT IS A COOL ROOF?

A cool roof will reflect and emit the sun's heat, reducing the heat transferred into the building.

KEEPING YOU COOL IS WHAT WE DO!

One sixth of all electricity generated in this country is used to air condition buildings. A white, reflective roof surface reduces energy consumption and costs by minimizing the amount of heat transferred into a building and reducing the amount of air conditioning needed to cool the building.

BENEFITS OF COOL ROOFING HOW WE CAN HELP!

- Lower lifecycle costs
- Reduced energy costs
- Increased HVAC efficiency
- Reduced urban heat island effect
- Reduced air pollution

WHAT HAPPENS WITHOUT THE ACRC?

- More smog in our cities
- Higher energy costs
- Less accurate utility planning
- More urban heat island effect
- Higher temperatures in our cities
- Less personal comfort
- More failed roofing systems in our landfills

Board of Directors

Director – Dave Coultrap
Assistant Director – Jerry Brown
Assistant Director – Ron Brown
Secretary – Mark Yarish
Treasurer – Michelle Brown
Officer – Joe Volinsky
Officer – Jeff Starkweather

Founding Members

Jerry Brown – WRECORP - Roof Consultant - 2002
John Greer – 2002*
Harry Hummel – KM Coatings Mfg - Manufacturer - 2002
Herman Orcutt – Orcutt/Winslow Partnership - Architect - 2002
Mike Wadding – Resin Technology/Henry Company - 2002 -
 Material Manufacturing Representative

Members

Ron Brown – Jim Brown & Sons Roofing – Roofing Contractor
Andy Carr – Progressive Roofing – Roofing Contractor
Dave Spice – DAS Products – Distributor
Brian Dembowski – Johns Manville – Manufacturer
Mark Yarish – Orcutt/Winslow Partnership – Architect
Michelle Brown – WRECORP – Roof Consultant
Harry Wheaton – Tamko – Technical Waterproofing Specialist
Joe Volinsky – FBE Products – Manufacturer’s Representative
Lou Sullivan – Sullivan Designs – Mechanical Engineer
Jim Griffin – Hunter Panels – Manufacturer’s Representative
Dave Coultrap – Division Seven Systems –
 Manufacturer’s Representative
Jeff Starkweather – Starkweather Roofing –
 Roofing Contractor
Richard Ulrich – E-Las Tek – Manufacturer’s Representative
Chris Figueroa – Class A Roof Systems –
 Roofing Contractor
Roy Walsh – A-S Urethane Systems – Roofing Contractor
Matt Smith – BITECH – Manufacturer’s Representative
Ben Gromatzky – United Building Products – Distributor
Bill Kelley – Polyglass – Manufacturer’s Representative
Darrin Whiteside – Arizona Foam & Spray – Contractor
David Metz – E-las-tek – Manufacturer
Greg Pender – Highland Commercial Roofing – Contractor
Holmes Ellis – Pro-Tech Products – Manufacturer
Jerry Thieken – SRP – Utility Company
Jon Sturos – Durafoam Roofing, LLC – Contractor
Tom Lendman – Class A Roof Systems – Contractor
Vince LaBruzzo – National Coatings – Manufacturer
